## Educational Resources

Here is a list of educational resources that may be useful for students, parents and educators. The list is not definite as there are many other resources available. Please be aware that many schools often have great licensed educational resources that students can access. Also, be mindful that not all households have access to technology and the internet; schools may be able to provide these homes with print materials or memory sticks containing educational resources that do not require internet access.

LITERACY			
Resource	Grade Level	Description	Link
Scholastic Learn at Home	K-9	Free day-by-day resources for kindergarten through grade 9.	<a href="https://classroommagazines.scholastic.com/support/learnathome.html">https://classroommagazines.scholastic.com/support/learnathome.html</a>
